**These are bona fide User Stories. There is a card, and clearly a conversation has taken place because some very important logic details have been jotted down. On the back of each card, Confirmations(Conceptual Acceptance Tests) have been written.**
These User Stories replace the Bad User Stories from the other handout.

Front of Card 1:

Back of Card 1:

Tests

- Test ①
- Test ② with incorrect, correct, blank current pw
- Test ③ with blank, valid, invalid new PW
- Test ④ with blank, matching, non-matching PW
- Specific error msgs for ② + ④
- generic error msg for ③ "didn't conform to...."

Front of Card 2:

PW Error Msgs

① Error Msg specific to rules violated
   - show all rules violated
   - order of msgs unimportant
      - but should be consistent

Back of Card 2:

Tests
New Pw:
— violates 0, 1, 2, 3(all) rules
